To the Shareholders:

The past year was the best in the Company's history. Consolidated sales for 1978 reached a record level of \$98,711,320, an increase of \$10,257,869 over 1977 and consolidated earnings were \$1.01 per share compared with 87¢ per share for the previous year.

Taxable dividends of 23¢ per share were paid on the Class A shares of the Company, up from 19¢ per share in 1977 and tax-deferred dividends of 19.55¢ per share were paid on the Class B shares, up from 16.15¢ per share.

At a general meeting held on October 27, 1978, the shareholders of the Company approved a two-for-one split of the Company's Class A and Class B shares. Trading on a split basis started on November 6, 1978.

Produce Division

Sales for the Produce Division of your Company were \$36,718,170 up approximately 12.7% over 1977. Profits increased to \$644,831. We are pleased to report that, as predicted in our message to you last year, the Produce Division has returned to its usual trend of yearly increases in both sales and profits.

All divisions of your Company's produce operations, except the Country Fresh Packaging division experienced strong growth in 1978. In spite of record high prices for imported fresh fruits and vegetables, demand for fresh produce has remained good.

In October, 1978, your Company acquired the packaging division of The Brown Produce Company Limited which was a major competitor of Country Fresh. This acquisition has enhanced substantially the range of products packaged by Country Fresh and we are confident it will do much to strengthen the performance of this division. In October, 1978, your Company also acquired the operations of The Tomato King Co., which was a major wholesale distributor of tomatoes in Ontario. In the short period since the acquisition, The Tomato King Co. has achieved results which have exceeded our expectations.

Drug Division

Sales for the Drug Division of your Company were \$61,993,150, up approximately 11% over the previous year. Profits increased to \$1,032,286. Due to generally unfavourable economic conditions, sales for the first 6 months of the year were below average. However, in light of increased promotional efforts, including television promotions, sales for the last 6 months increased substantially. We are pleased to report that this accelerated sales increase has continued into the first quarter of 1979. We feel very confident that with the aggressive promotional program scheduled for the ensuing year, the increased sales we experienced in the first quarter will continue for the balance of the year.

We wish to report that as of May 1, 1979, the Company's computerized program designed to assist in the handling of our prescription business was installed and in operation in 22 stores. Due to some problems encountered, we could not proceed as quickly as we had anticipated. However, having solved our problems, we estimate that we will have this on-line system installed in about 30 stores by the end of this year.

In 1978, the Drug Division continued its expansion program with the opening of 6 new Woolco stores which included 2 stores in British Columbia.

During the coming year, we anticipate opening 3 new Woolco stores and 3 new Woolworth stores. In addition, in the first quarter of 1979, we acquired the operations of 5 other Woolco stores in British Columbia which had been operated previously by another licensee. As a result, there will be a total of 11 new stores added to your Company's operations by the end of the 1979 fiscal year. By mid-1979, we will have reached a milestone in the Company's history by operating over 100 stores stretching from Quebec to British Columbia.

We would like to take this opportunity to extend our appreciation to all our suppliers for their continued co-operation and support. We recognize that efficient, reliable suppliers are the lifeblood of any retail organization.

We are pleased to announce the promotion of Mr. Norman Radke from his previous position as Director of Sales to that of the Drug Division's Senior Vice-President and General Manager. We also wish to welcome Mr. Radke to the Board of Directors. Mr. Radke is only one member of a bright, young team of senior executives, supervisors and managers who have a key role to play in your Company's development.

As we look to the future, we are confident of our ability to respond to the challenges and opportunities facing us. Our own strengths and capabilities to deal with changing conditions remain considerable. Our financial condition is strong and we are fortunate to have a highly talented and efficient staff dedicated to providing quality service. We gratefully acknowledge the endeavours made on behalf of your Company by its employees and we look forward to their continued support in the coming years.

Yours very truly,

MICHAEL BLIDNER, President

JACK AUSTIN, Vice-President

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

January 31, 1979

1. Summary of Significant Accounting Policies

(a) *Principles of consolidation*

These consolidated financial statements include the accounts of the company and its subsidiary companies, all of which are wholly owned. The activities of the companies are as follows:

PRODUCE DIVISION

Dominion Citrus & Drugs Ltd.
The Tomato King Co. (Division of Dominion Citrus & Drugs Ltd.)
Dominion Farm Produce Limited
Skrow's Produce (1971) Ltd.
Country Fresh Packaging Company Ltd.
Lousana Holdings Limited

DRUG DIVISION

Jack Austin Drugs Limited
Fern Distributors (Division of Jack Austin Drugs Limited)
Jack Austin Pharmacy (Alberta) Limited
Jack Austin Pharmacy (Saskatchewan) Limited
Jack Austin Drugs (B.C.) Ltd.
Cams Drugs Limited

At the balance sheet date the drug division operated or serviced 86 outlets in Woolco Department Stores, 6 outlets in Woolworth Department Stores and 1 free standing store. The sales for the drug division include sales of both operated and serviced outlets to show total sales under administration of the drug division.

(b) *Marketable securities*

Marketable securities are stated at cost, which approximates market value at the respective balance sheet dates.

(c) *Inventories*

Warehouse inventories are valued at the lower of cost and net realizable value with cost determined generally on a first-in, first-out basis. The valuation of retail store inventories is determined by the retail inventory method which prices the majority of items at normal selling prices and reduces the amounts so determined to the lower of cost and net realizable value by applying normal profit margins.

(d) *Fixed assets*

These assets are stated at cost. Depreciation is being provided by the following methods and rates:

Buildings	— 5% on the declining balance
Warehouse and office equipment	— 20% on the declining balance
Mobile equipment	— 30% on the declining balance
Leasehold improvements	— Over the term of the lease on a straight-line basis

(e) *Prescription list*

The prescription list is stated at amortized cost. It is being amortized using the straight-line method over a five year period.

(f) *Goodwill and excess of cost of shares in a subsidiary over book value at acquisition*

These pre-1974 amounts are not being amortized, since in the opinion of management they have continuing value.

(g) *Deferred computer development costs*

Expenditures on programming and development of the on-line pharmacy computer system have been deferred and are being amortized over the estimated life of the system.

(h) *Leasehold interest*

Leasehold interest is stated at amortized cost. It is being amortized using the straight-line method over a ten year period.

(i) *Deferred income taxes*

The company follows the tax allocation basis of accounting for income taxes, whereby tax provisions are based on accounting income and taxes relating to timing differences between accounting and taxable income are deferred.
